Cyfarfod Coleuadau Cyhoeddus – Idole
3.30yp 21ain Mawrth 2019

Yn bresennol: Cyng Mair Stephens, Cyng Richard John, Arfon Davies (Clerc), Arwel Price (Peirianydd Goleuadau Cyhoeddus Cyngor Sir Caerfyrddin).
Ymddiheuriadau: Cyng Eifion Jones

Cyffordd Idole / Pentrepoeth

Ystyriwyd gwelliannau posibl i'r goleuadau cyhoeddus ar y gyffordd hon. Cadarnhaodd AP byddai angen gosod colofnau newydd a chario allan gwaith ffosydd ar gyfer unrhyw oleuadau ychwanegol. Bydd cynllun wedi'i gostio yn cael ei ddarparu ar gyfer goleuadau ar bob ochr i ffordd Pentrepoeth.

Dolwerdd, Idole

Ystyriwyd gwelliannau posibl i'r goleuadau cyhoeddus ar y gyffordd hon. Roedd yna dwy golau rhwng Dolwerdd a'r gyffordd, er hynny roedd yna fwlch yn y ddarpariaeth tuag at Dolwerdd ei hun. Roedd yna dwy golofn ar gael yn yr ardal.

Cytunwyd dylai'r Cyngor Cymuned ystyried cysylltu ag cymdogion cyfagos cyn symud ymlaen â darparu cynllun wedi'i gostio gan y byddai hyn yn meddwl ymweliad safle gyda Western Power.

Public Lighting Meeting Idole
3.30pm 21st March 2019

Present: Cllr Mair Stephens, Cllr Richard John, Arfon Davies (Clerk), Arwel Price (Carmarthenshire County Council Public Lighting Engineer).
Apologies: Cllr Eifion Jones

Idole / Pentrepoeth Junction

Possible improvement to the public lighting at this junction were considered. AP confirmed that any additional lighting would require installation of new columns and trenching works. A costed scheme will be provided for lighting on either side of the Pentrepoeth road.

Dolwerdd, Idole

Possible improvements to the public lighting at this junction were considered. There are two lights between Dolwerdd and the junction however there is a gap in coverage towards Dolwerdd itself. Two spare columns are available in the area.

It was agreed that the Community Council should consider making contact with neighbouring properties prior to taking forward provision of a costed scheme as this would require a site visit with Western Power.
